

# Step into life again.

Finally, a nondrug treatment approved for painful diabetic neuropathy (PDN)

**HFX**<sup>™</sup>  
Relief, multiplied.<sup>™</sup>

Not a drug.  
Just relief.

The HFX<sup>™</sup> Solution can provide significant relief from PDN.<sup>1</sup>

HFX for PDN, is a Senza<sup>®</sup> spinal cord stimulation system that uses 10 kHz Therapy to treat pain from diabetic neuropathy.

**85% of people** clinically shown to enjoy long-term pain relief<sup>1\*</sup>

**62% of PDN patients** reported neurologic improvements, such as less numbness, burning, and tingling sensations<sup>1,2\*</sup>

**Significantly reduces pain** and improves sleep<sup>1\*</sup>

\*With HFX 10 kHz Therapy versus conventional treatments

Living with PDN can be a frustrating and debilitating experience that keeps you from doing even the most basic activities.

If you or a loved one is suffering from PDN and not getting the relief you long for from conventional treatments, ask about HFX<sup>™</sup> for PDN.

70,000+ people with chronic pain have been treated with the HFX Solution. Now it's approved for PDN.

*"I can finally sleep at least a good eight hours. I don't feel tired when I wake up in the morning. I feel like I'm ready to jump out of bed and take on the day."*

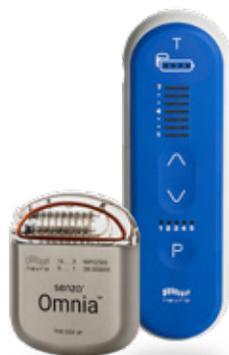

—Mindy

*"My whole attitude to life has changed, my whole demeanor has changed and all for the better. I feel like I have a future. I want to live. I want to live longer and grow old with my grandchildren."*

—Neil

The HFX Solution uses spinal cord stimulation (SCS), a safe, well-established treatment that works by delivering mild electric pulses to the spinal cord, interrupting pain signals to the brain.<sup>3</sup>

See if the HFX Solution is right for you by answering a few questions.
